Why your internet speed isn't the whole picture

Ronald Osure

Car Analogy

- A car travelling at 100mph

- Possible Routes
  - **A** → C → **B**
  - **A** → **B**
  - **A** → C → D → **B**

What is the difference between ping and latency?

Network ping

Ping is a networking utility program or a tool to test if a particular host is reachable

Network Latency

Network latency is an expression of how much time it takes for a packet of data to get from one designated point to another.
